PROFILE

Results-driven software engineer with **3+ years** of experience specializing in **AI/ML** and **Blockchain** solutions. Proficient in designing scalable systems and delivering impactful applications in DeFi, ERP, and AI-driven products. Skilled at aligning technical innovation with business objectives to achieve measurable success.

EDUCATION

Master of Science in IT - Specialized in AI, SIES College Mumbai India July 2021 - April 2023

SKILLS

Languages	Python, Java, JavaScript, TypeScript, SQL, PHP, Bash
Technologies	ReactJs, NodeJs, Flask, Spring Boot, ExpressJs, Tailwind, Git, GitHub/GitLab, BlockChain
Frameworks	LangChain, TensorFlow, Keras, PyTorch, HuggingFace, MLOps
Cloud	Docker, AWS, Azure, Google Cloud Platform, IBM Cloud, CI/CD
Concepts	AI, Machine Learning, Neural Networks, Transformers, Attention Mechanism, Inferencing, LLMs

EXPERIENCE

Software Engineer - AI/ML/Blockchain Jul 2023 - Present
Ideyalabs Pvt Ltd *Hyderabad, India*

- Engineered a **loyalty points allocation system** with **87%** ML prediction accuracy, scaled to handle 100 users and 500 transactions per second using Docker and Flask. Achieved 98% test coverage and projected a **145%** boost in user engagement through personalized rewards.
Tech: Python, Pandas, Numpy, Scikit-Learn, Matplotlib, Seaborn, Flask, Machine Learning, PostgreSQL.
- Built a **Blockchain-as-a-Service** platform using **Hyperledger Fabric** and **Corda**, optimizing Fabric network performance to achieve **3500+ TPS** and implementing batch transaction APIs for improved scalability. Designed a Fabric Network Architecture and deployed it on Kubernetes, while leveraging **Corda** Enterprise to enhance transaction throughput by **145%**.
Tech: Hyperledger Fabric, Golang, Corda, Java, Kotlin, Spring Boot, PostgreSQL, MongoDB, Redis, Kafka.

Associate Software Engineer - Laravel/Flutter Jun 2021 - Dec 2022
JAM ZstudioZ *Mumbai, India*

- Developed a custom **Retail ERP System** with features like POS billing, inventory management, financial accounting, and store analytics, supporting 50+ concurrent users and managing inventory for over **10,000 SKUs**. Collaborated with customers to gather requirements, achieving a **95%** satisfaction rate in functionality.
Tech: PHP, CodeIgniter, MySQL, HTML, CSS, Bootstrap, JavaScript, jQuery, AJAX.
- Created a **lawyer consulting app** with chat, video calling, and payment integration, using Flutter, Laravel, and Firebase to support **100+ active** users. Enhanced debugging and problem solving skills by resolving 90% of issues independently, improving delivery time by **20%** through self-testing practices.
Tech: PHP, Laravel, MySQL, Bootstrap, JavaScript, jQuery, AJAX, Flutter, Firebase, Razorpay.

PERSONAL PROJECTS

- Weblify.ai:** Built an AI-driven platform for effortless website creation and customization using React.js, Tailwind CSS, and the Claude AI API. Enabled real-time previews, responsive designs, and instant export, simplifying web development for all users. Tech Stack: React.js, Tailwind CSS, TypeScript, Nodejs, WebContainer, Claude AI API, Prompt Engineering.
- Resumeperfector.ai:** Developed a Generative AI-powered platform using the Google Gemini LLM to optimize resumes for ATS, provide skill gap analysis, and generate tailored cover letters. Streamlined the resume improvement process for job seekers. Tech Stack: Python, PyPDF2, pdf2image, fpdf, Google Gemini, Prompt Engineering.
- My-AI-Projects-Gallery:** Curated a GitHub repository showcasing end-to-end implementations of **ML, DL, NLP, GenAI, and AI Agents**. Highlighted advanced models, MLOps integrations, and cloud-deployed solutions.

COURSE

- Complete Data Science, Machine Learning, DL NLP Bootcamp:** Gained expertise in Data Science and Machine Learning, with a specialization in Deep Learning and NLP concepts such as ANNs, RNNs, Transformers, Encoder-Decoder models, embeddings, and attention mechanisms. Also, acquired hands-on experience in building models using Scikit-learn, TensorFlow, PyTorch and Keras. Currently advancing skills in ML / NLP and exploring GenAI / Agile-AI projects with LangChain and Hugging Face.

HONORS AND AWARDS

- Employee of the Quarter**, Ideyalabs – Recognized for outstanding performance and impactful contributions.
- Employee of the Year**, JAM Zstudioz – Honored for consistently exceeding targets and demonstrating leadership.
